

simply to gratify their own personal ambitions, but because they can be of service. Having proved that they are of service, wisdom dictates that they continue to be of service; and it may be confidently asserted that the value of the service of a man of capacity, character and industry and good habits increases in exact proportion to his length of service. These facts should furnish food for thought to every constituency in the land. The two-term-and-out rule is a poor one for any district. I can speak on this subject with some freedom, as my own district has given me ten unanimous nominations.

Very truly,  
Wyatt Aiken.  
Washington, August 15, 1914.  
P. S.—I am just in receipt of the following from Senator John Sharp Williams:

"United States Senate  
August 13, 1914.  
"Hon. Wyatt Aiken, House of Representatives, Washington, D. C.

"Dear Wyatt: I have heard that some criticism has been made of you on account of your vote on the Pure Food Bill in the House in 1905. I voted, as you did, against the bill when it came up in the House for the first time, because it contained a section that was objectionable on the ground that it took away the right of a state to make any regulation on the subject. As states rights Democrats I think we voted right.

"The Senate struck out the objectionable section and when the bill came back to the House it was passed without a dissenting vote.

"With pleasant recollections of our service together in the House, I am with every expression of regard,  
"Very truly yours,  
(Sign) "John S. Williams."

#### OFFICER MAKES USE OF SABER

Strikes Defenseless Woman With Sword and Gets Away With It

(By Associated Press.)

Munich, August 15.—A civil court proceeding, growing indirectly out of a trial by court martial has directed attention to an extraordinary case showing once more the relations existing between military persons and civilians. The case in question is some months old, but it escaped notice at the time it occurred. The defendant before the court martial was a Lieutenant Selder, of the garrison in Ingolstadt. The facts as brought out on trial were these:

Lieutenant Selder's man servant had a quarrel with the domestic servant of the landlord of the house in which the lieutenant and his wife had an apartment, in the course of which the maid declared that "the lieutenants are a dirty pack who don't clean up their mess. They are a brood." The lieutenant's wife sent for her husband. "This female says we are a brood," she said, pointing to the maid. The lieutenant thereupon struck the girl twice with his sabre.

"You are acting like a washerwoman to mix up in such a quarrel," said the wife of the landlord, who had seen the occurrence. "You ought to be ashamed as an officer to strike a woman with your sword."

The lieutenant struck the woman in the face with his sabre, she raised a broom against him and he attacked her with his sword, cutting both her hands.

The court martial found Selder guilty and sentenced him to 45 days imprisonment in a fortress. The superior military court at Nuremberg, to which the lieutenant appealed, acquitted him on the ground that he had acted in self defense. Actions for insult against the two women resulted in a fine of \$12 for the wife of the landlord and \$2.50 for the maid. Their appeals were dismissed.

**Local Garage Uses New Device.**

The Piedmont Garage has installed a contrivance for cleaning carbon from the cylinders of autos, that apparently is what owners of cars have long hoped for. The new process is said to be dependable in every way, as the oxygen inserted into the cylinders is set on fire and burns every vestige of the carbon out, without having to take the motor all to pieces as has been the way of removing carbon in the past. In addition to being done in a hurry, the cost is not near as much as heretofore, it only costing about 35 cents per cylinder with the new process, whereas the cost for cleaning them out up to the present time has been approximately \$4 per cylinder.

T. H. Henderson, former superintendent of the Riverside and Toxaway

glit caused by carrying over this year's surplus.

A vigorous discussion resulted in striking out part of the provision to recommend only that the farmer be urged to cut down his crop without the stipulation in the proposed notes. The report recommended that tobacco and other crops should be handled in the same way, in the discretion of the reserve board.

**To Provide Warehouses**

President E. J. Watson was authorized to appoint a committee to take up the question of providing the warehouses to store such of the crop as will be held over until next year. He was also authorized to name a committee of a member from each cotton State, to call a state convention of nine delegates from each county representing farmers, merchants and bankers, to urge governors to call special sessions of state legislatures to immediately take up the question of installing state warehouse systems.

Representatives of the Congress will remain in Washington to cooperate with the Southern representatives in Congress who are working out the plans for legislative aid to the South.

**SALTS IF BACKACHE AND KIDNEYS HURT**

Stop Eating Meat for a While If Your Bladder is Troubling

When you wake up with backache and dull misery in the kidney region it generally means that you have been eating too much meat, says a well known authority. Meat forms uric acid which overworks the kidneys in their efforts to filter it from the blood, and they become sort of paralyzed, and clogged. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, also you have backache, sick headache, dizzy spells, your stomach aches, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels of the body get sore, water swells, and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice combined with lithia, and has been used the generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular uric acid sufferers. It is inexpensive, can be eaten and makes a delicious beverage. It is a water drink. Evans' Pharmacy, Agents—Adv.

**To Save the South**

It urged the Federal reserve board and the secretary of the treasury to place \$300,000,000 in the hands of the South, on the basis of the cotton produced in each state. It then proposed that every farmer should have the right to go to his bank and secure a loan on notes maturing in six months but renewable for four months, secured by his cotton on one half of the crop he raised, at eighty per cent of the value of the cotton based on the average price for the last five years. These notes, the report recommended should be made redeemable to the Federal

**States Less Cotton**

As originally presented the report recommended that the notes contain some half of annual crop in this and if the war were still in progress on April 1, 1914, rates could be quarter of his crop, thus holding down the 1915 production to prevent
